### SUPPLEMENTAL REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: This is to clarify the previously stated reasons for allowance. The claims are allowed because of the step of depositing silica in the heated area. The previous reasons were not intended to imply that it would have been obvious to modify the prior art. Preforms are typically meters in length and thermal characteristics at one portion have little influence on other portions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
